DETAILED ACTION

The finality of the instant case has been withdrawn. The official notification was mailed June 7, 2006.

After the amendments filed in January 5, 2006, only claim 31 is pending. The decision made by Board of Appeal and Interference dated December 29, 2005 raised some concerns in page 9 and 10. Upon further search according to the direction the Board of Appeal and Interference raised, a new ground of rejection is set forth below.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 31 is rejected under 35 U.S.C. 102(b) as being anticipated by US 5,403,587 ('587).

'587 teaches a method of disinfecting hard surface with aqueous essential oils composition comprising alcohol, water and 0.2 weight percent of essential oil (See col.2, lines 20-24 and col. 3, lines 29-37).

The resulting aromatherapy is considered inherently present in the method of applying the very same composition as herein claimed to a hard surface.
